Alfred Pennyworth

Alfred Thaddeus Crane Pennyworth, originally **Alfred Beagle**, is a fictional character appearing in American comic books published by DC Comics, most commonly in association with the superhero Batman.[2]

Alfred is depicted as Batman's meticulous, disciplined, loyal and tireless confidant, butler, legal guardian, best friend, aide-de-camp, and surrogate father figure following the murders of his parents, Thomas and Martha Wayne. As a British noble who is a classically trained butler, whose skills extend beyond housekeeping, Alfred is uniquely suited to support the lives of masked crime fighters. A former British intelligence officer, field medic and retired Shakespearean actor operative of honor and ethics with connections within the intelligence community, he has been called "Batman's batman".[3][4][5][6] He serves as Bruce's moral anchor while providing comic relief with his sardonic and cynical attitude; as an amnesiac, he has also served as the supervillainous **Outsider**. A vital part of the Batman mythos, Alfred was nominated for the *Wizard* Fan Award for Favorite Supporting Male Character in 1994.[7] Bane killed Alfred in 2019 during the *City of Bane* storyline, and he remains dead in the primary continuity of the DC Universe as of 2026.

In non-comics media, the character has been portrayed in live-action and voiced by actors William Austin, Eric Wilton, Michael Gough, Michael Caine, Jeremy Irons, Douglas Hodge, and Andy Serkis on film, and by Alan Napier, Efrem Zimbalist Jr., Ian Abercrombie, David McCallum, and Sean Pertwee on television, among others. Ralph Fiennes provided the voice of Alfred in the animated *Lego Movie* franchise, and Martin Jarvis voiced the character in the *Batman: Arkham* video game series. A young version of Pertwee's Alfred, played by Jack Bannon, is depicted before he became the butler to the Wayne family in the television series *Pennyworth*.

Publication history

The character first appeared in *Batman* #16 (April–May 1943), by writer Don Cameron and artist Bob Kane. Evidence suggests that Alfred was created by the writers of the 1943 Batman serial film—Victor McLeod, Leslie Swabacker, and Harry Fraser—and that DC Comics asked Don Cameron to write the first Alfred story, which was published prior to the serial's release.[1]

Fictional character biography

In Alfred's first appearance, he was overweight and clean-shaven; however, when the 1943 *Batman* serial was released, William Austin, the actor who played Alfred, was trim and sported a thin mustache.

DC editors wanted the comic Alfred to resemble his cinematic counterpart, so in *Detective Comics* #83 (January 1944), Alfred vacationed at a health resort, where he slimmed down and grew a mustache.[8]

This look has remained with the character ever since, even surviving his apparent "death"[Comics 1] and resurrection.[Comics 2]

Alfred was originally conceived as a comedic foil for Batman and Robin; he spoke with a Cockney accent, and simply arrived on Wayne Manor's doorstep to announce that he was beginning his duties.[9]

In most early tales, he made bungling attempts to be a detective on a par with the young masters. He was given a four-page feature of his own, "The Adventures of Alfred", in *Batman* #22 (April–May 1944)[10][Comics 3] and the feature lasted 13 issues, skipping *Batman* #35, with the last story in *Batman* #36.[Comics 4]

The stories followed a simple formula, with Alfred solving a crime and catching the culprits entirely by accident. In later years, the comedic aspects of the character were downplayed.

Alfred (later named Pennyworth) in his first appearance ever, as an overweight, bumbling detective

Pre-*Crisis*

The Pre-*Crisis* comics (the comics that were published by DC Comics between 1938 and 1984) established Alfred as a retired actor and intelligence agent who followed the deathbed wish of his dying father

(identified only as "Jarvis") to carry on the tradition of serving the Wayne family.[11]

To that end, Alfred introduced himself to Bruce Wayne and Dick Grayson at Wayne Manor and insisted on becoming their butler. Although the pair did not want one, especially since they did not want to jeopardize their secret identities with a servant in the house, they did not have the heart to reject Alfred.

Initially, Alfred discovered their identities by accident; while fighting a burglar in *Batman* #16 (Alfred's first appearance), he accidentally hit a switch and opened a sliding panel leading to the Batcave. He is helpful to the duo, following them to a theater where they had been captured, bound, and gagged by a criminal gang, and rescues them after Batman attracts his attention by knocking a rope down before the crooks return.

This was revised in *Batman* #110 (September 1957); during his first night at Wayne Manor, Alfred awoke to moaning and followed the sound to the secret passage to the staircase leading to the Batcave and met his would-be employers in their superhero identities with Batman wounded in the field. As it turned out, the wounds were actually insignificant, but Alfred's care convinced the residents that their butler could be trusted. Since then, Alfred cheerfully included the support staff duties of the Dynamic Duo on top of his regular tasks.

Ironically, Alfred's loyalty would lead him to become a member of Batman's rogue's gallery: While pushing Batman and Robin out of the way of a falling boulder, Alfred was seemingly killed in *Detective Comics* #328 (June 1964). It was revealed in *Detective Comics* #356 (October 1966) that he had been revived by a scientist named Brandon Crawford. His attempt at regeneration gave Alfred pale white skin, superhuman powers, including telekinesis, and a desire to destroy Batman and Robin. Calling himself the Outsider, he indirectly battled Batman and Robin on a number of occasions, using others as his puppets. He did not physically appear in the comics until *Detective* #356, when he is bathed again in the rays of the regeneration machine during a struggle with Batman, and returns to normal, with no memory of his time as a supervillain.[12]

Alfred was later reunited with his long-lost daughter, Julia Remarque, though this element was not included in Post-*Crisis* comics. Her mother was the war heroine Mademoiselle Marie, whom Alfred had met while working as an intelligence agent in occupied France during World War II.

Post-*Crisis* and Zero Hour

In the Post-*Crisis* comics continuity, Alfred has been the Wayne family butler all of Bruce's life and had helped his master establish his superhero career from the beginning.

In addition, he was Bruce's legal guardian and father figure following the murder of the boy's parents. Alfred's history has been modified several times over the years, creating assorted versions. In one such version, Alfred was hired away from the British royal family by Bruce's parents, and he virtually raised Bruce after they were murdered.

Another version of Alfred's Post-*Crisis* life was slightly more closely linked to his Pre-*Crisis* counterpart. In this version, Alfred is an up-and-coming actor on the English stage who agrees to become the Waynes' butler to honor his father's dying wish that he continue the "family business" of serving the Waynes; his father having been butler for Bruce's grandparents.

At the time he begins working for the Waynes, Bruce is a young child. After only a few months, Alfred informs the Waynes that he will resign his post, feeling that the role of a butler is beneath him. That same day, Bruce returns home after getting in a fight with a school bully. Alfred advises him to outsmart the bully rather than use physical force. The advice works, and when Bruce asks his parents if Alfred can stay, he agrees without a second thought. When Bruce is left orphaned by the murder of his parents, Alfred steps in as his legal guardian.

Alfred later helps Bruce raise his adopted wards Dick Grayson, Jason Todd, and Tim Drake, all of whom also become his crimefighting partner, Robin. He also has close friendships with other members of the Batman family, including Barbara Gordon and Cassandra Cain. Alfred often acts as a father figure to Bruce, and a grandfather to Dick, Jason, and Tim. He is also highly respected by Batman's fellow superheroes, including Superman, Wonder Woman, Green Lantern, and the original Teen Titans.

Alfred has also been romantically linked to Dr. Leslie Thompkins, a Wayne family friend who is also aware of Bruce's secret identity. He ends the relationship after she apparently allows Stephanie Brown to die from neglect. He also develops feelings for Tim Drake's stepmother, but again, nothing comes of it.

In the *Knightfall* story arc, Alfred watches helplessly as Batman slowly crumbles under the pressure of fighting every escaped criminal in Arkham Asylum, who were set free by Bane. When Bane breaks Batman's back, Alfred tries to treat the injury, but Batman remains paraplegic and a wheelchair user.

During the events of *Knightquest*, Alfred accompanies Bruce to England and becomes enraged when he insists on endangering his own health. This is the culmination of several weeks of Bruce's self-destructive behavior, and when Bruce returns to Gotham City, Alfred remains in England, after tendering his resignation. He spends some time vacationing in Antarctica and the Bahamas before returning to England, aware that Bruce would respect his choice and not actively try to look for him. Dick Grayson tracks him down several months later and convinces him to return to Wayne Manor after the two thwart a terrorist attack on the Channel Tunnel. In that story, it is revealed Alfred had walked out of his own wedding years earlier after his fiancé, Joanna Clark, was revealed to have been cheating on him for months beforehand. During a reunion with Joanna, she claims that her son Derek is actually Alfred's son rather than the son of her now-deceased lover and former husband, but after Derek is killed by terrorists Joanna admits that this was a lie to get Alfred's help. The matter resolved, Alfred decides to return to Gotham; having lived separate from the world for years in Wayne Manor, his time on holiday leads him to conclude that ordinary people let their emotions run deep but their understanding of themselves is shallow, choosing to return to Gotham now that Bruce has acknowledged his limits and resolved to control his destiny.[13]

Alfred's resourcefulness comes to the fore in the *No Man's Land* storyline, especially in *Legends of the Dark Knight* #118. Batman goes missing for weeks, leaving Alfred alone to watch his city for him. He uses his skills as an actor, storyteller, medic, and spy to survive and collect information on the recently destroyed Gotham City. Alfred even uses hand-to-hand combat in a rare one-panel fight sequence between him and a pair of slavers that ends with his rescue by Batman.

In *Batman* #677, agents of Batman's mysterious enemy Black Glove attack and beat Alfred in front of Bruce and Jezebel Jet, severely injuring him. In the same issue, a reporter from *The Gotham Gazette* suggests to Commissioner Jim Gordon that Alfred may be Bruce's biological father and that this may be a reason for the murder of Bruce's mother Martha. Alfred later denies the entire story, agreeing with Bruce that it was a fabrication, explicitly noting that the man intended to be him in the doctored photographs looks nothing like Alfred at the implied age.

After the event of *Final Crisis*, when Batman is apparently killed in action, Alfred finds himself with the task of raising Bruce's biological son Damian with Grayson. *Batman: Battle for the Cowl* sees Alfred allowing Damian to take on his first mission as Robin, giving Damian a Robin tunic and calling on the Squire to assist the new Boy Wonder in finding Tim Drake, who had gone missing while hunting down Jason Todd. Alfred also assists Grayson in his role as Gotham's new Dark Knight.

Alfred is left emotionally shattered by Bruce's death, commenting more than once that, even if his biological fatherhood is a fabrication, in a deeper sense he actually was Bruce Wayne's father, having watched over him for years and feeling he failed him in the last moments.

In the *Batman and the Outsiders Special*, Alfred is seen apologizing at the graves of Thomas and Martha Wayne for Bruce's death, commenting that he grieves as a parent, regarding Bruce as his son. Later, a secret panel in Alfred's room opens, the result of a fail-safe planted by Bruce in the event of his death. Bruce leaves him one final task and also bids him an emotional goodbye, telling Alfred he considered him a father.

After discovering that the original Batman was actually lost in time after his battle with Darkseid, Alfred immediately seeks clues to his whereabouts. Eventually, Bruce finds his way to the present. After Batman successfully expands his mission globally with Batman Inc., Bruce assumes full responsibility as a father, and Alfred assists him in raising Damian.

The New 52

In *The New 52*, it is revealed that Alfred's father Jarvis Pennyworth was the butler of the Wayne family before Alfred, when Bruce was a child. Jarvis was blackmailed by the Court of Owls to set a trap for the pregnant Martha Wayne. He declined and the Court managed to cause a car accident that caused the child to be born prematurely and eventually to have died.

Jarvis attempted to resign from his service and write a letter to his son in which he describes the manor as a cursed place, and tells Alfred that he should not begin his service under the Wayne family. However, Jarvis was unable to send the letter as he was murdered that night.[Comics 5]

During *Batman: Eternal*, Alfred is reunited with his long-absent daughter, Julia Pennyworth, an agent of the Special Reconnaissance Regiment, when Batman finds her in Hong Kong and takes her back to Wayne Manor for medical treatment.[14] She is initially hostile to Alfred, feeling that he has wasted his life going from a soldier to tending to a "fop" like Bruce Wayne. However, after Alfred is attacked by Hush and infected with a fear toxin,[15] she discovers the Batcave and takes on her father's role to coordinate the Bat-Family's efforts against their foes.[16]

Alfred is briefly transferred to Arkham Asylum before it is attacked as part of a conspiracy, but he manages to survive the explosion and tricks Bane into helping him reach an emergency cave Batman had installed under Arkham. The cave's defences knocking Bane out and allowing Alfred to call for help.[17]

When Hush is briefly kept prisoner in the Batcave, he manages to break out of his cell and lock Alfred in it before sabotaging the Batman Family's equipment via the Batcomputer as they fought various villains, including crashing the Batwing with Batman still in it. However, he was swiftly returned to captivity when Alfred escapes the cell and knocks Hush out, Alfred harshly informs Tommy that he was hardly going to be locked up in his own home.[18]

During the *Batman: Endgame* arc, the Joker breaks into the Batcave, and cuts off Alfred's right hand. Following the death of Bruce Wayne, Julia says that with current medical technology, they can have Alfred's hand reattached without any complications. However Alfred refuses, stating that with Bruce dead, he no longer has need of it as he has no one left to serve.

Even with the loss of Bruce as Batman, Alfred still assists the Batman Family in the Batcave, along with Julia. After Bruce is discovered to be alive but with no memory of who he is or of his life as Batman, Alfred tells Bruce everything that had happened in his life up to the point of the creation of Batman, but accepts Bruce's request not to learn any more.

However, when the new villain Mr. Bloom launches a mass attack that apparently kills Jim Gordon—the new Batman—the amnesic Bruce pieces together enough information to deduce that he was once Batman, and convinces Alfred to subject him to a machine that will theoretically download all of his memories as Batman into his mind. With his master restored, Alfred's hand is subsequently reattached.

DC Rebirth

Following the 2016 *DC Rebirth* continuity reboot, Alfred appears in *Detective Comics* and the third volume of *Batman*, as well as in *All-Star Batman*. In the latter, Alfred is among the many Gotham citizens blackmailed by Two-Face into stopping Batman from providing Two-Face's former self, Harvey Dent, a cure for his split personality; Alfred in particular reluctantly shoots down the Batwing as Batman is flying it.

Alfred was revealed to have been part of Briar's organization in his earlier life until he left where it was assumed that Briar had died. It would later be revealed that Briar survived and made a clone of Alfred Pennyworth called Dark Knight.[19]

When asked, Alfred reveals his secret; years earlier, he had hired a hitman to kill Joker after the villain murdered Jason Todd and disabled Barbara Gordon. Alfred soon cancelled the hit, however, after realizing that committing cold-blooded murder would betray Batman's ideals.

In *Batman* #77 (part of the "City of Bane" storyline), the *Flashpoint* version of Thomas Wayne from an alternate dimension invades Gotham City and defeats Batman, and uses Alfred as a hostage to keep the rest of the Bat-Family out. At Thomas' behest, Bane breaks Alfred's neck, killing him after Robin sneaks into Gotham City to rescue him and defeat Bane.[20]

In *Nightwing* #78, Barbara visits Dick Grayson and reveals that Alfred was a billionaire, due to stock from Wayne Industries after Alfred became Bruce's legal guardian. Barbara then tells Dick that Alfred has left his fortune to Dick in his will.[21]

Alfred would officially be succeeded as a butler by his grandniece Verity Pennyworth.[22]

Characterization

Name

In 1945, Alfred's name was given officially as **Alfred Beagle**.[Comics 6] The surname "Beagle" was explicitly used for Alfred starting in 1945[23] and on the introduction of "Pennyworth" this is treated as having always been their name by retcon.

This name was subsequently given to an alternative version of the character from the world of Earth-Two, and **Pennyworth** became Alfred's accepted surname in the mainstream continuity.[Comics 7]

The name "Pennyworth" was first used for Alfred in 1969,[24] and thereafter it has been assumed that his father was named Jarvis Pennyworth; as it is customary for British domestic servants to be called by surname it might have been implied on Alfred's introduction that Jarvis was the surname he shared with his father.

Alfred has also used the alias "**Thaddeus Crane**", which is derived from his middle names.[Comics 8]

His full name of **Alfred Thaddeus Crane Pennyworth** was depicted on his tombstone in *Superman/Batman: Generations*. Grant Morrison's run has referred to the Beagle surname as a possible stage name.[Comics 9]

Family

- **Jarvis Pennyworth**: Alfred's father in both Pre-*Crisis* and *New 52* continuity. In the TV series, *Pennyworth* he is named Arthur instead.
- **Mary Pennyworth**: Alfred's mother in the TV series, *Pennyworth*.
- **Wilfred Pennyworth**: Alfred's brother, Wilfred is referenced in the late 1960s and early 1970s[Comics 10] and is mentioned in the 1997 film *Batman & Robin*.
- **Daphne Blake**: Alfred Pennyworth's niece, daughter of Wilfred Pennyworth, Daphne briefly appeared in the late 1960s/early 1970s.
- **Mademoiselle Marie**: A war heroine with whom Alfred (while working as an intelligence agent in France) has a daughter named Julia in Pre-*Crisis* continuity.[Comics 11]
- **Julia Remarque**: Alfred's daughter by Mademoiselle Marie.[Comics 11] Appears as **Julia Pennyworth** in *The New 52* continuity as well as on *Batwoman*.
- **Margaret Wilson née Pennyworth**: Alfred and Wilfred Pennyworth's sister in the 1997 film *Batman & Robin*.
- **Barbara Wilson**: Alfred's niece, daughter of Margaret Wilson née Pennyworth in the 1997 film *Batman & Robin*. In traditional comics, her name is Barbara Gordon and is the daughter of James Gordon, with no relation to Alfred other than her place as Batgirl.
- **Theobald**: Alfred's second cousin in Earth-One continuity.
- **Verity Pennyworth**: The grandniece of Alfred and member of Society of the Midnight Key who succeeds him as Bruce Wayne's butler.[22]

Skills, resources, and abilities

A highly intelligent and resourceful man, Alfred runs the day-to-day operations of Wayne Manor and maintains much of the equipment of the Batcave beneath it.

As a former actor, he can use his acting and disguise skills to help Batman in the field when necessary, and is even capable of impersonating Bruce Wayne's voice.

He has provided first aid up to and including suturing wounds and removing bullets, as well as occasional tactical support. He is also able to perform arthroscopy and other advanced medical procedures, thus limiting, if not eliminating, the need for hospital medical treatment even in the face of grievous injuries, helping to maintain Batman's secret identity by ensuring that Bruce Wayne has no need to visit hospitals for wounds inflicted on Batman. Nevertheless, Batman still requires professional medical treatment when Bane breaks his back (*Batman: Knightfall*) and Hush's machinations result in him sustaining a skull fracture (*Batman: Hush*). On these occasions, Alfred admits that his own skills are inadequate for such medical procedures.

While not as skilled at martial arts as Bruce Wayne, Alfred is still nearly as resourceful. In one story in which he is kidnapped, he readily escapes and overcomes his captors without disturbing the cut of his suit. It was later mentioned that he had been kidnapped unsuccessfully 380 times (these events take place in the *Gotham Adventures* comics, based on the animated adventures of Batman, and not within the standard DCU continuity).[Comics 12]

Presumably due to his lack of superpowers, the advanced combat training Bruce's other associates have, and Alfred's age, Alfred is the only member of the "Batman Family" that Bruce does not mind using a firearm, in his case favoring a shotgun when dealing with direct attacks on his person.

Alfred has been shown to be a Renaissance man, as he has mastered several fields including rose breeding (even creating his own, the "Pennyworth Blue"), computer programming, electrical engineering, chemical engineering, mechanical engineering, nanotechnology, and biotechnology. He singlehandedly builds, programs, and maintains much of Batman's next-generational technology such as the Batcomputer.[Comics 13]

Elseworlds

Alfred has appeared in different Elseworlds stories:

- Alfred appears in the *Elseworlds* series *Superman & Batman: Generations*. He serves the Wayne family before dying in 1967. His spirit remains around to give Bruce advice, although Bruce is unsure if this is actually Alfred's ghost or a hallucination.
- In *Batman: Castle of the Bat*, Alfred is reimagined as Alfredo, a hunchback based on Igor who acts as Bruce Wayne's assistant.
- In *Batman/Demon: A Tragedy*, Alfred Pennyworth is the alter ego of Merlin, who bound Bruce Wayne to Etrigan centuries prior and chose to serve him to make up for his actions. Merlin/Alfred periodically erases Bruce's memory to prevent Etrigan from escaping. Every couple of decades, Etrigan begins to escape, initially targeting criminals but progressing to attack the innocent until Merlin wipes his memory again.[29]
- In *Batman: Dark Allegiances*, Alfred is still Bruce Wayne's butler as Bruce faces various fascist-themed versions of his rogues gallery, but after the government asks Bruce to

become an official American agent during World War II, Alfred joins Bruce and Selina Kyle in the field as the new Robin.
- In *Batman: Dark Knight Dynasty*, in a timeline where Thomas and Martha Wayne were not killed in Crime Alley, Alfred assists the adult Bruce in investigating his parents' deaths when they apparently fall out of their penthouse after Bruce's wedding to Julie Madison. Their death is revealed to have been due to the influence of Vandal Savage's henchwoman the Scarecrone when the Waynes threatened his plan to acquire the meteor that gave him his immortality. While studying available information on the meteor, Alfred discovers a record of the unusual energy reading it emits, but this discovery triggers a booby-trap that destroys Wayne Manor and kills him. Five centuries later, Bruce's descendant Brenda Wayne discovers a fragmented recording of Alfred and the energy reading that assists her in her own investigations into Savage's activities.
- In *League of Justice*, where the Justice League exists in a world where magic is prominent, Alfred is reinvented as a zombie-like figure, reinforcing Bruce's idea that science is more reliable than magic despite its greater potential power.
- Alfred plays a prominent role in the "Vampire Batman" trilogy, in which Batman is turned into a vampire to fight Count Dracula,[Comics 14] subsequently forging Batman's weapons to use against the remaining members of Dracula's "family" after the Joker takes command of the remaining vampires.[Comics 15] When Batman succumbs to his vampire instincts, Alfred must work with Commissioner Gordon after the Dark Knight begins to kill his old enemies, Alfred forced to accept that his master would never have killed in the first place and aware that eventually he will turn his thirst on the innocent. At the conclusion of the trilogy, with Gordon being hunted by Two-Face and Killer Croc in the remains of the Batcave, Alfred sacrifices his life to allow the currently weakened Batman to drink his blood, affirming his faith that his old master just needs the strength to save Gordon and the people of Gotham one last time, even if Batman subsequently allows himself to die to end the threat that he has become.[Comics 16]

Earth-3

An alternate universe version of Alfred Pennyworth from Earth-3 appears in the "Trinity War" storyline. This version is the leader of the Secret Society.[30]

Murphyverse

Alfred Pennyworth appears in stories set in the Murphyverse continuity, written by Sean Murphy.

In *Batman: White Knight*, Alfred is revealed to be dying from an unknown disease, causing him to be bedridden. Bruce Wayne recruits the help of Victor Fries in developing a cure for Alfred, as well as Victor's wife Nora. Without Alfred at his side, Bruce also takes a more violent approach to crimefighting, causing concern from his allies. Eventually, Barbara Gordon and Dick Grayson are informed of Alfred's condition, and they also help with the development of the cure. Following a lengthy battle against various supervillains in Gotham, Batman returns home severely injured. He later wakes up and finds his wounds attended to, while Alfred has passed away, having used the last of his strength to tend to Bruce. He also leaves a letter behind, which Bruce opens and reads alongside Barbara and Dick after they deal with Jack Napier / Joker.

In *Batman: Curse of the White Knight*, Alfred is revealed to have previously encountered a priest of the Order of St. Dumas, later revealed to be Jason Blood. The priest entrusted him with a journal belonging to Bruce's ancestor, Edmond Wayne; the journal itself had been lost for years, ending up in the hands of

the Joker for some time. Alfred wished to destroy the journal, but was stopped by Leslie Thompkins, who told him that Bruce had the right to know about this journal; thus, Alfred left behind a letter before his death, instructing Bruce to recover Edmond's journal.

Nightwing: The New Order

In this alternate reality, Nightwing ends an ongoing feud between superpowered beings by activating a device that de-powers 90 percent of the super powered population. This builds to a future where superpowers are outlawed and any superpowered being must take inhibitor medications or be imprisoned. When Bruce is killed during the feud, Alfred inherits his estate and moves to Arizona, while allowing Dick Grayson and his son Jake to stay in Wayne Manor.

When Grayson discovers that Jake is beginning to develop powers, his house is invaded by his own police force, the Crusaders, to take Jake away. Alfred attempts to strike one of the Crusaders, who kills him.[31]

Tangent Comics

An alternate universe version of Alfred Pennyworth appears in the 1997 Tangent Comics one-shot issue *Green Lantern*. This version is the head of a publishing company that owns the House of Mystery.
